2022-2023 Dues (Due March 1, 2022)	\$230

**\*\* Final schedule will be provided during Orientation \*\***

### Application \$25

Non-refundable fee paid as part of the application process.

### 2021-2022 Dues + Course Fee (Due December 15, 2021)

Your membership dues and the one-time Provisional course fee are to be paid by December 15, 2021.

**Orientation\***

This event will give you an overview of everything that is in store for the Provisional year, as well as give you the foundational knowledge needed to successfully navigate your JLA membership. You will have ample opportunity to ask questions about any part of the Provisional program. You will also be matched with your small group at this event.

**Education Courses**

Your education courses will provide you a better foundation on the JLA cornerstones, or traits the League has deemed important to be a great servant leader. The courses offered, each will contain a different topic, throughout the year. Each course will be offered twice, once on a weeknight and once on a weekend. You will need to attend two out of the three courses offered.

**Small Group Meetings**

You will be put into a small group once you begin your Provisional year. Your small group is typically made up of between 15-20 other Provisionals who are around the same age as you. Each group will have a Provisional advisor. This advisor will host at least four gatherings for you and your group throughout the year. These gatherings are mainly social, but still provide a way for the advisor to answer any League questions you may have, and are a great way to get to know other Provisionals in a much smaller setting. Examples of small group gatherings include going out to dinner, carving pumpkins for Halloween, volunteering at one of our community partners, or pottery painting. Small groups will be offered once a month September thru December and twice during the Spring for a total of 6 opportunities. You will need to attend at least four small group meetings.

**Provisional Bus Tour\***

One of the highlights of the Provisional program is the Provisional bus tour. It is one thing to hear about our community partners, but it's another to actually visit them. This bus tour will allow you the chance to visit some of our community partners to see how the League makes an impact through partnerships. Past stops on the tour have included Chastain Horse Park, Kate's Club, Atlanta Community Food Bank, and Meals on Wheels Atlanta. Please note, there will only be one tour date offered, so please try your best to attend.

**General Membership Meeting (GMM)**

General Membership Meetings, also known as GMMs, are meetings held for all members of JLA. GMMs educate JLA members on community issues and the League's strategic volunteer impact by featuring prominent community leaders, showcasing community, fundraising & advocacy projects, and increasing the volunteer leadership skills of JLA members through service opportunities. Typically, three GMM meetings are offered throughout the year. You will only need to attend one.

**Membership Credit**

There are a variety of ways to meet the required 3 membership credits, and these events are opportunities to meet women in the League outside the Provisional class. You are welcome to attend as many events as you want, but please note that you only need to get three credits.

**Continued...**

Some options include:

- District Meetings - In addition to a small group, you will also be assigned a district group based on where you live in the city. Your District will include women of all ages and experience levels within the League.
- Placement Expo - The Placement Expo is an opportunity in the Spring to learn about all the JLA Community Placements for the following year. This event will help guide your decision about what Community Placement you want for your First Year Active.
- Fundamental Courses - These are quick, 2-hour sessions offered throughout the year that provide information on a variety of topics that will benefit current members in their everyday lives. Topics can be anything from how to better your overall health to how to better serve on a nonprofit board.
- Fundraisers - We have three great fundraisers that the League does every year: Little Black Dress Initiative, and Tour of Kitchens. There will be opportunities to volunteer or participate in one of these fundraisers to receive membership credit.
- JLA Serves - This event happens two weekends a month. Our membership goes out into the community to complete service projects that can be completed in a day.

**2022-2023 Dues (Due March 1, 2022)**

Dues for all JLA membership levels are due March 1 to cover membership for the following League Year from June 2022 – May 2023. This will be paid to cover your First Active Year.

## **Frequently Asked Questions: About Your Provisional Year**

### **What will my Provisional year look like?**

The Provisional year is purposefully designed to introduce and educate you on The Junior League of Atlanta, Inc. while providing opportunities to socialize, create new connections, gain access to valuable training, learn about our mission and community impact, and serve with our community agencies and programs.

### **What does the application process look like?**

All a potential Provisional member needs to do is

- 1) Create a profile
- 2) Pay the \$25 application fee
- 3) Spend 10-15 minutes completing the application form
- 4) Wait for her application to be reviewed
- 5) Receive notification of acceptance
- 6) Pay dues and the Provisional course fee

### **What do the social aspects of JLA Membership look like?**

The Provisional program is designed with the intent of combining education and training with socializing and meeting fellow Provisionals. The year will provide you with both formal and informal settings to socialize with the Provisional class as a whole and Provisional Committee leadership, your small group consisting of other Provisional women, and other JLA members.

### **Why should I pay a membership fee to volunteer when I can do that on my own?**

There are countless reasons to join the JLA! Regarding our community agencies and programs, the JLA has a reputation in the Atlanta community for providing dedicated, trained volunteers, where many organizations want to partner with us! This often gives our members opportunities to serve in capacities they wouldn't have access to if she were to reach out on her own. In addition, every year you can select a new placement, saving you the time of needing to sign up with a different organization or go through a lengthy background check should you want to try something new. Also, our volunteers serve and make connections with other women while serving – something she may or may not gain volunteering for various shifts.

We also provide training to our members that the general public would need to spend hundreds of dollars on to gain access to for little to no cost, while providing opportunities for like-minded women to meet and often become friends. Finally, with our leadership structure, you will have the opportunity to sign up for roles that offer you the opportunity to improve your skills, such as leading a team, public speaking, or fundraising, for both personal and career growth through real on-the-job activities.

### **What types of women make up the typical Provisional class?**

The Provisional class has ranged from 200 – 400 women the last five League years. While our members are diverse in their age, backgrounds, skill-sets, race, ethnicity, religion, political affiliations, vocations, etc., we typically find the commonality that all members have a strong desire to carry out our mission while becoming a trained volunteer.

### **What is the Small Group?**

In order to better serve the Provisional class, women are placed into a Provisional Small Group of approximately 20 women with a Provisional Advisor to serve as a point of contact as women navigate their Provisional year.

**How are small groups created?**

Typically, the Provisional Development Director creates our small groups by age and area of town to better promote commonalities with the women in that group as often women are in similar life stages. You will be assigned to your small group after your course fee and 2021-2022 dues are paid. If for some reason the group you assigned to is ultimately not a good fit, please reach out to the Provisional Development Director.

**How can I get involved in volunteering during my Provisional year?**

There will be opportunities to serve with our community agencies and programs that will pop up over the course of the year, potential opportunities with your small group as a small group meeting, and the option to join one of our community agencies for Placement for the second-half of the Provisional year.

**What do I do if I can't make one of the required events for my Provisional year?**

JLA understands how busy our members are and how unforeseen circumstances arise. We are here to help you succeed and have a valuable membership experience. The best thing to do is to communicate with your Provisional Advisor should you not be able to attend to get any information you've missed and find out about make-up opportunities. It should be known that we highly stress not missing orientation as this sets the foundation for your Provisional year, as well as your entire League experience. We understand family obligations, conflicts, work schedules, and travel are part of your day to day life, and we are happy to work with you on a case by case basis.

**Are all women who apply accepted?**

JLA does not place barriers on women who are interested in bettering the Atlanta community through serving the women and children who our mission supports.

**What do I do if I decide I no longer wish to proceed with my application or membership?**

If you decide once you've started the application process that this isn't the right time in your life, JLA isn't the right opportunity for you, etc., please email JLA Headquarters at [info@jlatlanta.org](mailto:info@jlatlanta.org) to notify them. Please note, your \$25 application fee is non-refundable.

**Why are my dues due in May 2021 but then again in March 2022?**

Every member pays her dues annually by March 1. You will pay your one-time Provisional fee and 2021-2022 dues to cover your Provisional year. The dues paid March cover your membership for the following League year from June 1 – May 31.

**With an organization so big how will I make friends?**

Like any other organization, you'll often find you gain from your experience what you put into it. We often find women who simply show up and attend, whether a social, fundraiser, district meeting, JLA Serves shift, etc. will start to recognize the same faces and develop relationships. There will always be busier seasons in life and meeting the requirements will still allow a member to meet and make connections, but often that is up to her. If you are here to make connections, we encourage you to take the social time before meetings to reach out and speak with a new person.

**Have a question you don't see above? Reach out to [recruitment@ilatlanta.org](mailto:recruitment@ilatlanta.org). Please note if your question is related to your schedule and knowing of a potential conflict, please hold off on those and direct those to the Provisional Development Director and/or your Small Group Advisor.**

## Membership Spotlights

### My JLA Journey

“Originally from Alabama, I joined The Junior League of Atlanta, Inc. (JLA) to connect with other enthusiastic and compassionate women. My most memorable experience was the bus tour during my provisional year. It was great to learn, first-hand, the inner workings of several partner organizations as a potential volunteer placement. The JLA experience and its training opportunities have helped me to find my voice, to step out and take on more leadership roles at work and start my own blog. During my first year as an active member, I served as an Ambassador for two Provisionals. As an Ambassador, I've encouraged them to step out of their comfort zones to meet someone they don't know. It's important to help incoming members understand they'll get out of JLA what they put into it. So, put yourself out there!”

**Tammie Long**  
Community Placement:  
Estrellitas-LaAmistad

## My JLA Journey

“I have dedicated my life to service, to my professional career and to my family. At this point in my life, it’s important for me to take the time to do things that nurture my soul and fulfill me. In my quest to be around other strong civic-minded women leaders who are catalysts for change, I discovered The Junior League of Atlanta, Inc (JLA). I am energized by my fellow JLA members – they are visible leaders within the community who are changing policy and making things happen. I am very grateful for the many professional development and training opportunities I have had within the JLA. The sessions are well-planned and intentional, and the skills I have learned have proven to be invaluable.”

**Wande Okunoren-Meadows**  
Provisional

## My JLA Journey

"I'd always wanted to volunteer in Atlanta, but finding an opportunity that was flexible enough for my schedule was a challenge. I finally came across The Junior League of Atlanta, Inc. (JLA) and was amazed at how easy it was to find ways to give back and volunteer. My favorite experience so far has been the Provisional bus tour where we were able to visit the JLA's community partners and learn how we can participate in the different community placements. It really showed the wide reach JLA has in the community and how we can make a difference through our League service. In addition to volunteering directly in the community, I am looking forward to networking with fellow JLA members and participating in the League's leadership and professional development courses."

**Catrina Cheeter**  
Provisional

## My JLA Journey

"My journey started the night of the Centennial Gala, as I watched posts from members and guests flooding social media. That night, I became curious about The Junior League of Atlanta, Inc. (JLA) and started my quest to learn more about the dynamic organization. I wanted to be a woman leaving my mark in Atlanta, and JLA was the perfect place to do so. As individuals, we are evolving just like the League is evolving. As a First Year Active, this year is very different than my provisional year. My advice to provisionals is to really think about your life five to ten years from now. What type of impact do you want to have? What legacy are you building? Start there and work backwards. JLA has many resources and opportunities, but if you aren't clear on who you are and where you are going, you can surely miss them."

**Kimberly Houston-Bryant**  
Community Placement:  
Georgia Center for  
Child Advocacy

## My JLA Journey

“Joining The Junior League of Atlanta, Inc. (JLA) was the perfect way to meet new people and connect with and give back to my community. My journey with the JLA has exposed me to so many different opportunities and taught me skills that are transferrable to my personal life and professional career. As the Chair of one of the League’s largest fundraisers, Tour of Kitchens, I learned how to act quickly, think on my feet and communicate clearly all while leading with grace and compassion. After meeting a fellow JLA member at a meeting, I was inspired to transition to more of a hands-on role in my community and volunteered with Camp Stars to help children who have experienced loss in their lives. The best thing about the League is that you can really own and shape your own journey as your interests and goals change throughout the seasons of life.”

**Shawna Poole**  
Community Placement:  
Hospice Atlanta

## My JLA Journey

"Along my JLA journey, I have read to under-served children in our public libraries through Journey to Literacy, supported families in need at the Ronald McDonald House and provided grief support to the children at Kate's Club. Additionally, I've enjoyed serving on committees across several areas of the league, including simultaneously on the Peachtree Papers Committee and the Presidential Operations Committee. Because of my passion for helping women fight generational and situational poverty due to health obstacles and because my mom lost her fight to breast cancer, I am forever grateful to serve others in my journey through life."

**Anisa Palmer**  
Peachtree Papers &  
Presidential Operations  
Committees

## My JLA Journey

“Once I learned of the impressive community service performed by The Junior League of Atlanta, Inc. I knew I wanted to join. My twenty-year JLA journey has afforded me the opportunity to develop many sincere friendships and skills. Membership in JLA is the one thing that really connects me to Atlanta, especially now that I live abroad much of the year. The JLA is a foundation, full of friendship, support and opportunity which will always be a part of me. The privilege of being able to say that I am a member of an organization with such determination and goodwill makes me proud.”

**Ella Dyer**  
Sustainer

## My JLA Journey

"My JLA journey began when I was introduced to the League by two very dynamic women. They inspired me to join The Junior League of Atlanta, Inc. because I was impressed with the strength of the organization and the impact it made in the lives of women and children in Atlanta. Now as a first year active member, I've gained powerful insights into how I can help the community and have a better understanding of important issues, such as childhood education and generational poverty. I look forward to continued involvement in the League as I utilize opportunities for enhancing my personal and professional growth."
