

25TH ANNIVERSARY

Tour of Kitchens

SATURDAY, APRIL 30 THROUGH SUNDAY, MAY 1, 2022

IN PARTNERSHIP WITH MODERN **LUXURY**

@jlatlantatour | www.jatlanta.org/tour

Welcome to the 25th Anniversary Tour!

Dear Friends and Patrons,

The Junior League of Atlanta, Inc. (JLA) is delighted to present its 25th Anniversary Tour of Kitchens, featuring an exclusively curated collection of Atlanta’s finest kitchens and homes. This year we celebrate our silver anniversary and welcome esteemed designers and real estate agencies to the Tour, while raising proceeds to support JLA’s community work including hunger relief and healthy eating programs for children.

Since its inception, the Tour has raised more than \$2 million dollars to grow our service to the Greater Atlanta community. Its success is not possible without the generous sponsors and partners that help make this event happen; the homeowners for so graciously welcoming Tour guests into their homes; and the amazing Modern Luxury team led by D’Anne Heckert and Jenna Muller.

This year’s self-guided Tour is a showcase of the best upscale designs in the city. The event features culinary and cocktail tastings as well as new pop-up shops allowing guests to support local artisans and take a piece of the Tour home with them.

Your patronage of the Tour enables our members to transform communities by promoting voluntarism, developing the potential of women and improving our community through the effective action and leadership of trained volunteers. We cannot wait to see you on the Tour!

About the Kitchen

This 100-year-old house located in Grant Park recently underwent a major renovation. The homeowners of the 1920's Queen Anne-style house had two goals for the renovation; to maintain the architectural integrity and historic relevancy of the style and to update the house with modern luxuries. Walking through the house you will see natural pine wood floors, brick fireplaces, and specially designed millwork to reflect the historic style. Designer Jenny Lyons of Dove Studio worked with the homeowners to design a kitchen that reflected their style and complements the original aesthetic. Together, they decided on neutral tones with attention to detail in the millwork. Element standouts include the three-piece crown molding and custom mullion glass doors that were designed to reflect the time period.

About the Kitchen

Completed in the summer of 2019, the kitchen features an open and accessible layout with top of the line appliances, ample storage and a modern, warm feel. A walk-in pantry is hidden when the pocket door is closed. The neutral tones are muted but crisp with creamy floor to ceiling cabinets that hide two ovens, a refrigerator and a freezer. Opposite is a dish cabinet, which has beautiful black detailing inside. The base cabinet profile was designed by the homeowner and the oversized island with a waterfall edge serves as a grounding element and focal point for the room.

About the Designer

I design interiors that are beautiful, functional, and impeccably finished. Guided by you and your lifestyle, I seek out unique pieces that tell your story and tease out the beauty in your environment to create a space where you not only feel at home, but alive. Function sits at the forefront of my design process, with a priority on creating a space that not only looks good but works. My design aesthetic is collected and authentic, and expands with each new story I'm entrusted to tell. Will yours be next?.

About the Kitchen

Designer Kristan Moore presents guests on the 25th Anniversary Tour of Kitchens a stunning kitchen design with old-world charm for modern times. The simplicity of the black and white design draws the eye to the bold use of a black hooded range that centers the room. Black hanging pendant lighting directs guests to an eat-in island covered with white marble atop white shaker-style cabinets. In addition to serving as a food prep and conversation piece, the island separates the kitchen from an informal dining area that seats four. Kristan worked with the homeowners to create a kitchen that is both luxurious enough to host very special guests and practical enough to host family dinner.

About the Kitchen

This beautifully renovated Brookhaven bungalow features a stand-out kitchen that is a true showstopper. Designer Meredith Petty worked with the homeowners to create a completely new layout in the home, adding windows and an addition to bring in as much natural light as possible. The beautiful oak flooring complements the creamy white custom inset cabinets and a dark walnut-stained island. The stunning natural stone counters were carried from the counters up the wall in soft curves that mimic the custom carved feet on each run of cabinetry. The rest of the living space flows easily around the heartbeat of the home, making this house both an entertainer's stage and family home.
